ATC cabinets (IT racks) provide a unique solution manufactured from high quality materials with maximum attention to detail. The reinforced structure and 19" infrastructure provide a perfect solution for medium and large cinemas, data centres, industrial installations and network systems. Available in a range of 300 different types of cabinet with heights from 4U to 47U and with different depths and widths, allowing precise matching of the product to the specific needs of the Client. Racks can be fitted with sound monitors and power supply modules in accordance with individual clients' requirements.
